

MB Superhorse 50/50 members 1991 – 2015 – 25 years

Following is the complete list of past and present members of the MB Superhorse 50/50 Sale & Futurity. The MB Superhorse 50/50 was the brainchild of Neil McLeod – In 1991 he was able to talk 18 other MB horse breeders into pursuing this marketing idea for their young horses: sell your weanlings – hold half their sale price and put that money toward a 2 yr old futurity that only they were eligible to compete at.

There were 19 members that made up the first yr's sale & show committee.

In the 25 yrs as an association there have been 63 members. The current members are hi-lighted. The 2nd date beside their name is when they left the association.

This futurity is now Canada's richest 2 yr old Futurity.
